

WE WANT TO HEAR FROM YOU YOU!

WHERE?

Castle Archdale Country Park, Co. Fermanagh.

WHEN?

Thursday the 20th of July 2017, time 10am-3pm

From hunting and fishing to paddling, powerboating, farming and tourism Lough Erne supports a huge variety of activities, and is vitally important to the economy of Fermanagh. We want your views on the problems and solutions to better management of the Lough Erne environment and the activities it supports.

As part of an international scientific research project (Aquacross) researchers from the MaREI centre in University College Cork along with colleagues from the University of Liverpool are organising a **FREE** workshop and lunch, to gather opinions on the best ways to manage different activities in the Lough while conserving the natural environment.

Places are limited:

If you plan to attend please contact Tim O'Higgins at 00 353 83 8625449
